TORNADOES STRIKE SECOND DEATH BLOW IN MISSOURI; 13 DEAD AND 270 INJURED

St. Louis (P)—Tornadoes struck a second death blow at Missouri yesterday in as many days by claiming 14 more lives for a total of 51 and 270 injured.

Small towns in southern and eastern Missouri were hit by a rash of tornadoes even as workmen still dug in the rubble of Kansas City suburbs where less than 24 hours before a tornado claimed 37 lives and injured 200 persons.

Six persons were killed in a twister which leveled Fremont, a town of 207 which only 10 days ago was hit by a flash flood. One man was killed at nearby Van Buren and a hundred miles to the northeast seven more persons perished in and around Desloge, 60 miles south of St. Louis.

Some 70 persons were left injured in the wake of the deadly black funnels. Hundreds were homeless.

France Facing Another Period Of Uncertainty

By JOSEPH E. DYNAN

Paris, (P)—President Rene Coty today began the recurrent, wearisome task of looking for a new French premier. The National Assembly last night rejected Guy Mollet's austerity program to finance the Algerian campaign, and the Socialist Premier promptly resigned.

Another long period of political instability appeared in prospect, with the likelihood that the government eventually would fall to another of the uneasy center coalitions which has ruled France most of the time since World War II.

The new political crisis threatened to cancel or at least postpone Coty's official visit to the United States. He is due in New York June 3.

Most prominently mentioned as successors to Mollet were Pierre Pflimlin, national chairman of the left-of-center Catholic MRP—the Popular Republican Movement—and former Premier Rene Pleven, leader of a splinter group affiliated with the so-called Leftist Rally.

It was thought either might win the support of both Mollet's Socialists and the conservative Independent Republicans, whose opposition caused the defeat of Mollet's government. Because the Assembly membership is divided among so many factions, any Cabinet needs the support of both parties to command a majority.

Normally Coty would call on the Independent Republican leader, former Premier Antoine Pinay, to form a new Cabinet because his party brought down Mollet's government. But after what happened yesterday, Pinay's chances of getting Socialist backing were virtually nonexistent.

The Assembly voted 250-213 yesterday to reject Mollet's proposals for new taxes and cuts in the non-military budget to provide more than a billion dollars for the French campaign against the Algerian nationalist rebels.

WESTMORELAND COUNTY

Greensburg (P)—Judge Edward G. Bauer today won the Democratic nomination for one of two Westmoreland County Common Pleas Court judgeships. Dist. Atty. L. Alexander Soule apparently won the second nomination. Both the Democratic and Republican judgeship races were six-way battles with each candidate running on both tickets.

Congressional Leaders Ignore Ike's Warning in Radio Talk

By MARVIN L. ARROWSMITH

Washington, (P)—Demands for big cuts in foreign aid spending persisted in Congress today despite President Eisenhower's charge that economy advocates are gambling blindly and recklessly along a road to free world "disaster."

The President stripped off the velvet gloves last night in a nationwide television-radio appeal for support of the administration's \$3,865,000,000 mutual security program.

He spoke of "those blindly striving to save the money that must be spent as the price of peace," and said he doesn't propose to "take that gamble."

A week ago last night Eisenhower made strong pitch on television and radio for his general \$71,800,000,000 spending budget for the fiscal year starting July 1.

But at a meeting with newsmen

The rapid-fire chain of tornadoes, spawned by the same sultry weather disturbances that gave birth to the year's deadliest tornado in Kansas City's outskirts at sundown Monday, struck the most vicious blow at Fremont.

Only seven homes at Fremont were left intact. Six business buildings and 40 homes were flattened.

At Desloge, witnesses said residents were lucky to escape with only three dead as a twister cut a path of havoc six blocks wide.

Three other persons were killed at a family reunion at a farm home 15 miles northeast of there.

Tornado winds lashed other areas in the midwest—in southern Illinois, Iowa, Minnesota, Wisconsin and Indiana. The severe weather extended into Arkansas and near Little Rock gusty winds were clocked at 78 m.p.h. No deaths were reported. There were some injuries and property damage was fairly heavy.

More rain was in prospect for wide areas of the country today.

Meanwhile, in Kansas City area, a survey showed 156 persons still in hospitals; 418 homes destroyed and 470 damaged; 44 business houses destroyed and 75 damaged.

Gov. James T. Blair of Missouri asked for 25 million dollars in federal relief funds for the job of cleaning up the wreckage. The Red Cross estimated it would need a million dollars to help 1,000 families.

Some gains claimed by the prohibition forces in state

Some Gains Claimed By the Prohibition Forces in State

Harrisburg (P)—Opponents of the retail sale of liquor and beer made gains in two Pennsylvania municipalities at the polls yesterday.

Returns from 18 of 57 local option referendum also showed moderate gains in two communities by those favoring the sale. The two, already allowing the legal sale of beer, voted for the sale of liquor as well.

Eight communities voted to continue the prohibition against sale of either liquor or beer and eight voted to continue the sale of liquor and beer.

Of the votes tabulated, no municipality now "dry" had voted in favor of going "wet."

New Bethlehem, Clarion County, and New Salem, York County, voted to legalize the sale of liquor in those communities. Both now allow retail sale of beer.

White Twp., Cambria County, and Huntington Twp., Adams County, voted to turn dry. Both communities now allow liquor and beer sales.

JC President Coming

Proof that Warren's Jaycee organization is tops in the State of Pennsylvania was very much in evidence today when it was learned that Grover C. Gouker, Jr., newly-elected state president of the Jaycees will be the speaker at the annual Inaugural Ball to be held June 1st at the Woman's Club. The Warren visit is one of the very first on Gouker's agenda, as he begins his year-long tour of duty. Because of the great interest aroused by the visit of Gouker, Chairman Harry Segal has announced the deadline for reservations has been extended until Saturday, May 25. They may be made by calling either 4354 or 229.

Agitation for Beck's Ouster Gaining Ground

Washington (P)—The AFL-CIO today postponed indefinitely a meeting of its Ethical Practices Committee set for Friday to consider charges the Teamsters Union is corruptly dominated.

The action was viewed as reflecting a recognition by the federation of a move within the union to oust Teamster President Beck.

This took some of the urgency from the issue of action against the union itself.

The ouster movement against Beck was being led by 68-year-old John F. English, newly named as an AFL-CIO vice president.

English planned an informal strategy session with fellow members of the Teamsters Executive Board who, like him, are determined that Beck must go. Their determination grew from Senate Rackets Committee charges that Beck helped himself to vast sums of Teamsters funds.

English has been general secretary-treasurer of the Teamsters for more than a decade, and a member of the union for more than a half century. He said a majority of the Teamsters board members is behind him in a plan to demand that Beck call a board session to consider Beck's status.

If Beck refuses, English said, his group will simply convene a board meeting on their own and consider demanding Beck's resignation.

English was unanimously elected by AFL-CIO chiefs yesterday as an AFL-CIO vice president and executive council member.

Incumbent Judges Win In Allegheny County

Incumbent Judges Win In Allegheny County

Pittsburgh (P)—Five incumbent Common Pleas Court judges in Allegheny County appeared assured of reelection today but another will face opposition in the November general election.

Judges Henry M. Ellenbogen, Harry M. Montgomery, John J. Kennedy and 84-year-old A. Marshall Thompson, all previously elected to the bench, won renomination in both the Democratic and Republican primaries.

Judge Homer S. Brown, who is serving by appointment, also won nomination by both parties.

Another appointee, Judge William F. Coroneo, won the Democratic nomination but was trailing far behind Atty. John V. Snee and former Judge Harry M. Jones in the GOP tabulation.

WAYNESBURG WET

Waynesburg (P)—Both Waynesburg and adjoining Franklin Twp. voted yesterday to continue sales and liquor and beer. In Waynesburg, the vote was 1,359 to 900 for liquor and 1,297 to 876 for beer. In Franklin Twp., the vote was 1,018 to 520 for liquor and 955 to 504 for beer.

Defense Funds Cut Discussed By President

By MARVIN L. ARROWSMITH

Washington (P)—President Eisenhower said today about half of the 2½-billion-dollar cut in defense funds voted by a House committee would cut directly into the nation's guided missile and aircraft programs.

The country's going to suffer if the reduction approved by the House Appropriations Committee is allowed to stand with respect to those fields, Eisenhower told a news conference.

He also said he never will agree to a tax cut while the budget is in what he called its current precarious state of balance.

Discussing the 2½-billion-dollar defense reduction approved by the House committee, Eisenhower said about \$1,800,000,000 of it is not a budget cut at all but a book-keeping tactic.

He went on to say that \$1,200,000,000 of the proposed reduction would, however, cut directly into the defense program in such fields as aircraft and guided missiles.

At that point, Eisenhower said we are going to have to suffer if that portion of the cut stands. He expressed hope the Senate will restore every cent of the \$1,200,000,000.

The President, wearing a gray suit with a white shirt and blue figured tie, spent most of the time answering questions about the administration's \$71,800,000,000 budget for the fiscal year starting July 1.

But he also dealt with these other matters:

Leadership.—Eisenhower said he never has even considered asking Senator Knowland of California, or anyone else, to resign from a position of congressional leadership, because of disagreement with him. Knowland is the GOP Senate leader.

As for differences with party leaders in Congress, Eisenhower said he personally is committed to support of the Republican party's 1956 platform.

He added with emphasis that he intends to stand by that platform.

Politics.—Eisenhower said he always endeavors to support all Republican nominees for Congress because he feels so strongly that both the White House and the legislative branch should be controlled by the same party.

He went on to say, that when it comes to who he is for enthusiastically for congressional office and who he is just for, that is another matter.

Eisenhower's remarks were in reply to a question whether he would follow his practice of the past and give blanket endorsement to all Republican candidates for Congress, regardless of their voting records.

Disarmament.—Eisenhower said the United States must make every possible effort to work out a disarmament agreement with Russia.

Reaction.—Eisenhower said public reaction to his television, radio and news conference efforts in behalf of his spending budget has gradually turned in favor of the administration's position. At first,

ERIE CITY VOTE

Erie (P)—George Brabender and Joseph Walczak, won their party's nomination yesterday in their bid for re-election. The top fight in the county was in the race for the recorder of deeds. The incumbent, Mrs. Marguerite Matz, won the Democratic nomination by receiving 12,729 votes to 6,904 for Helen Nowotny. Robert M. Dailey, a former Democrat, won the GOP nomination. He received 11,685 votes to 9,684 for Paul Dundon. There were no contests in the GOP races for sheriff, prothonotary and controller.

Case Where One Vote May Decide the Winner

Uniontown (P)—So you think your one vote doesn't mean much, eh?

It meant quite a bit in the race for the two Democratic nominations for city council in Uniontown.

Councilman Harold Little was assured of the nomination by polling 1,215 votes. The question of his running mate is not officially determined yet. Unofficial returns gave Tom Suchevidts 844 votes—just one more than Harold Taylor's 843.

LIGHT VOTE

Markleysburg (P)—Residents of this Fayette County community apparently don't care much who is burgess. At yesterday's primary in which about 25 votes were cast, James Welsh received one vote for the Democratic nomination as burgess. John Michael won the GOP nomination. He received one vote, too.

Legislature Faces Pressure To Lessen Swing of Ax on Gov. Leader's Record Budget

Harrisburg (P)—The Legislature faced new pressure today to lessen the swing of a Republican ax on Gov. Leader's record budget.

Leaders of five statewide organizations, including the president of the Pennsylvania Federation of Labor, declared they were "shocked" at Republican plans for a 94½-million-dollar budget cut.

The governor has proposed a general fund budget of \$1,559,000,000 for the two fiscal years beginning June 1.

Most of the criticism of the Joint Appropriations Committee's recommendations was directed at cuts in the Department of Welfare's mental health program.

"We had regarded Gov. Leader's proposals as inadequate," said Joseph A. McDonough, president of the State Federation of Labor, in a wire to Rep. Norman Wood (R-Lancaster). Wood is chairman of the House Appropriations Committee and spokesman for the Joint Committee.

Others who declared their opposition were Frank C. Foote, president of the Pennsylvania Citizens Assn.; Samuel D. Register, president of the Pennsylvania Assn. for Retarded Children; Dr. Jesse D. Reber, general secretary of the Pennsylvania Council of Churches; and Charles H. Frazer, chairman of Pennsylvania Mental Health, Inc.

The legislature, returning this afternoon from a primary election recess, is beginning the drive for final adjournment in mid-June. It is expected to put the appropriation bills containing the budget cut on the floor today.

Republican leaders continued to maintain that the proposed cut was justified and necessary. Wood defended in particular the 27-million-dollar cut in the appropriation requested for the Welfare Department.

Lawrence Victory Highlights Races In State For Mayor

By The Associated Press

Democratic Mayor David L. Lawrence of Pittsburgh and James T. Hanlon of Scranton, both seeking unprecedented fourth terms, easily won renomination in yesterday's primary election.

The contests highlighted mayoral races in 23 Pennsylvania cities.

Lawrence, a Democratic national committeeman, had little trouble winning his party's nomination over former Congressman Theodore L. Moritz.

With votes from 438 of 440 districts counted, Lawrence had 53,085 and Moritz 11,867.

Hanlon polled 13,819 to 2,118 for Edward Lavelle with all districts reporting.

In November Lawrence will face John A. Drew, former Allegheny County Common Pleas Court Judge and Hanlon will be opposed by Harry E. Lewis.

Drew won the Republican nomination in Pittsburgh over Joseph A. McArdle, former Democratic city councilman, and Lewis defeated two GOP opponents, Thomas Evans and Daniel Beynon.

FAYETTE COUNTY

Uniontown (P)—Atty. James A. Reilly defeated incumbent Ross S. Matthews for the Democratic nomination for judge of Fayette County Orphans Court but the two will still oppose each other for the judgeship in the general election next fall. Though Matthews lost the Democratic nomination, he was the lone candidate on the Republican ticket and will be that party's nominee in the general election.

BONAVITA WINNER FOR D. A. DISTRICTS IN COUNTY DECIDE THE NOMINEE FOR CORONER

In a primary election that was marked by an unusually light turnout of voters, Attorney Samuel F. Bonavita unseated District Attorney Myer A. Kornreich, as Republican candidate for that office Tuesday. At the same time, veteran coroner Ed C. Lowrey, showing remarkable strength in outlying districts, was named the Republican nominee for a ninth consecutive term.

Victory in the Republican primary is equivalent to November election in heavily Republican Warren County.

For Lowrey it marked an overwhelming vote of confidence from a county which has used his services since 1925. His plurality was 497.

Attorney Bonavita received a Warren Borough majority of 204 votes after the Republican organization had swung to his side early in the campaign against DA Kornreich.

Three Warren Borough Councilmanic incumbents, John Newmaker, Paul Yagge and Nick Merenick were returned to office while in Ward 5 Karl Timm defeated incumbent "Ted" Berdine.

Defeated Council candidates were Ralph Anderson (52) in Ward 1 who opposed Newmaker (119); Tony Tomassoni (80) in Ward 6 who opposed Paul Yagge (178) and Richard Tucker (39) in Ward 9 who opposed Merenick (66).

Attorney Sam Bonavita showed a strong borough and county strength, piling up a 204 majority within the borough limits and pulling 130 votes further ahead in the county for a winning margin of 434.

Defeated Edward MacKendrick, who waged a vigorous campaign for the office of coroner, rolled up a 287 plurality in Warren Borough but failed to score in most outlying districts. Lowrey led in the county by 764 for an unofficial winning majority of 497 votes.

Unofficial totals are Bonavita 2342, Kornreich 1908; Lowrey 2353, MacKendrick 1356. Bonavita had 980 in the borough, 1362 in the county. Kornreich had 776 and 1132. Lowrey rolled up only 734 in the borough, 1619 in the county. MacKendrick had 1001 and 855.

Contest for coroner provided most of the election night excitement at the Court House where MacKendrick and Lowrey ran a close race in the early evening, with Lowrey slightly ahead all the time but MacKendrick close behind by virtue of his large borough majority.

If the official count upholds the unofficial figures reported last evening Lowrey will lead the ticket, as he has every time he has had competition for the Republican nomination for coroner.

The ninth consecutive four-year term as coroner for Lowrey was a new record for uninterrupted office holding in Warren County and was also believed to be a coroner record across Pennsylvania and perhaps the country.

Attorney Bonavita took an early lead in the District Attorney's contest and picked up strength as campaigning in the hinterlands brought in additional winning votes from most of the county's 50 voting districts.

The overall vote was one of the lightest ever recorded in an off-year election in Warren County. As predicted, cold, damp weather stayed the voters in most of the county and final vote of 8459 was a sizeable total under the 86.2 percent of registrants (totaling 16,513) who turned out for the presidential election last fall.

Running unopposed and automatically returning to office were Burgess William E. Rice and (Turn to Page Ten)

Official Count To Decide Numerous Precinct Contests

Registration office employees today were beginning the gargantuan task of untangling the mass of ballots replete with write-in candidates which flowed into the commissioners' office from 50 precincts last night.

County-wide contest winners have already been determined and a complete listing of other victorious candidates will be published tomorrow.

Taking notice of special interest engendered in Mead Township, the commissioners announced today that Gail Dickerson had won the supervisory position, while Curtis Sasserson and Norman Grosch were successful in their bid for Republican school board nomination.

Official count of the ballots will begin at noon Friday by the commissioners.

Chicken Barbecue Planned June 12 by Youngsville Club

With proceeds earmarked for its yearly community service projects, Youngsville Kiwanis Club reports plans progressing for its chicken barbecue, to be served to the public on Island Park June 12. Tickets were distributed to the membership at last night's dinner-meeting and may be had from any of the Kiwanians.

Attending the session by the Rev. C. J. Franzen; the benediction, the Rev. J. Norman Holder; group singing was led by Wyllys Johnson.

Vice President Charles Seelings presided in the absence of President Don Abraham, working at the voting polls; reports included the inter-club meeting at Kane Monday night, and Bob Spencer's progress report on barbecue plans. Elton Barton, chairman of the boys' and girls' work committee, reported on the preparation of a hall diamond for Hot Stove League use on the Island.

Program Chairman H. J. Sherwood introduced Arthur Briggs, violin instructor and members of his Youngsville Elementary School Orchestra. This group, comprised of fifth, sixth and seventh graders, mostly from Youngsville, gave a very pleasing 15-minute program. Also a guest was Donald Johnson, industrial arts teacher in the high school, who spoke of his program and displayed samples of student handwork.

The Times-Mirror has been asked to remind its readers who are state employees or public school teachers that all will be voting, within the next week, on whether or not they wish to incorporate Social Security into their respective retirement systems.

All such groups have received from their headquarters in Harrisburg letters of explanation and reminder, as well as ballots, which are to be properly marked and returned within the week.

DENTIST RETIRES

Dr. H. C. Sturdevant, 88, long time dentist at Linesville, has taken a step to keep himself from being tempted into active practice again. Following his retirement, he has given all his dental office equipment to the Crawford County Commissioners. CHECKING WATER METERS

The Municipal Authority of the borough of Union City has notified residents of that village that a check of all water meters was under way. The Authority also stated that the meters in Union City were installed in 1923 and they feel that a check is necessary at this time. Hereafter, a check will be made at least once every five years. Any repair parts used will be charged to the customer or property owner at cost by the Authority, but no charge will be made for labor in procuring, testing, repairing and returning the meter to its proper place.

Committee Votes \$2,586,775,000 Cut for Defense

By WILLIAM F. ABROGAST

Washington (AP) — The House Appropriations Committee today voted a \$2,586,775,000 cut in new defense department funds. It said the military threat to the free world "appears, in certain respects, to have somewhat abated."

tions for the Army, Navy and Air Force for the fiscal year starting July 1.

President Eisenhower had requested \$38,128,000,000 for the armed services, which received \$34,698,523,000 for the present year.

The 2 1/4 - billion - dollar cut amounted to seven per cent of the president's requested, but \$1,296,000,000 of it was what congressional circles normally describe as "phony," leaving an actual net reduction of \$1,296,775,000 or less than four per cent.

TV CONKS THE KING IN THE CAVE

Time was, says Jay Heavilin, editorial writer for NEA Service, when Dad was king of the cave. He had only to trick an occasional dinosaur into the family stewpot to rate an affectionate pat on the head.

Down through the years he remained top dog. He pushed back frontiers. He fought off Indians. He helped the kids with their homework. He started up the family crate. He won a couple of world wars.

Then came television. The family set, like a Martian ray gun, fried the old man's ego to a sizzle.

The so-called domestic situation comedy portrayed him as an amiable, well-intentioned bungler with a genius for putting his foot in his mouth and his finger in a pencil sharpener.

As if it were not enough to prompt Pop to put on his old dress blues, along came the big-money quiz shows. From his upholstered perch at home, he tried valiantly to compete with the experts.

The kids watched him strike out against baseball expert Myrtle Powers. They saw him kayoed by boxing authority Joyce Brothers, and on loftier subjects play second fiddle to a Brooklyn shoemaker and get left at the post by a socky jockey.

It could be that this turn of affairs, the tale of the old man and the sea of experts, is one reason why kids don't listen to Dad any more. Why, if the old guy knew anything at all, he'd be driving a gift Cadillac.

Unhappily, it seems Dad will remain little more than keeper of the car keys and next week's allowance until the younger generation is reminded it was the good old average dads, more than the flashy experts, who created this push-button world of plenty.

LEGION POPPY FOR REMEMBRANCE

From Gerda Carlson, Poppy chairman, and Mabel O. Bisson, president Unit No. 135, American Legion Auxiliary, we receive the following reminder that American Legion poppies will be on sale on the streets of Warren Friday and Saturday:

"Once again Spring is here and with it the Season of Remembrance — Remembrance of America's war dead whose bodies rest in hallowed ground all over the world. Their earthly cares are past; but what of the thousands whose broken bodies are the living symbol of their sacrifice? It is they, who through our hands, offer you these little red flowers they have made.

"True, you are asked repeatedly for gifts to worthy charities, but were it not for these men who have protected and defended America, there would be no voluntary gifts, nor would there be money to give. This is not charity. It is your pledge that their sacrifices were not forgotten, nor the memory of them dimmed.

"The American Legion Poppy is for Remembrance. Wear it proudly and know that the dimes and dollars which you give for it are spent, every one, for disabled Veterans and their families."

The period, May 19-26, has been designated as "Salvation Army Week", in tribute to the worldwide religious and charitable organization which has served this country for more than 78 years. We are happy to join with the community as a whole in paying tribute to the fine work which has been contributed by local corps in Warren throughout the years—and the Nation's Corps for three quarters of a century.

It was demonstrated again last evening by the crowd at the court house that the electorate enjoys competition in elections. The count for the office of coroner during the early hours was close enough to keep the crowd buzzing, which ceased around eleven o'clock when the returns from the county began piling up a majority for successful incumbent.

News of the resignation of popular Dan Walton, general secretary of the YMCA for some years, was learned with genuine regret by a host of friends and patrons of the Association who wish him well in whatever endeavor he may choose to pursue.

Here and There

Seventy years ago today The Warren Ledger, in a first page article, called attention to plans for the annual observance of Memorial Day, heading the story with the following poem:

Cover the thousands who sleep far away,
Sleep where their friends cannot find them today.
They who in mountains, hillside and dell,
Rest where they wearied, and lie where they fell.
Softly the grass blades creep round their repose,
Sweetly above them the wild flower blows,
Zephyrs of freedom fly gently overhead,
Whispering prayers for the patriot dead.
So, in our minds, we'll name them once more,
So in our hearts, we'll cover them o'er—
Roses, and lilies, and violets blue,
Bloom in our souls for the brave and the true.
Cover them over—yes, cover them over,
Parent, husband, brother and lover.
Think of those faraway heroes of ours,
And cover them over with beautiful flowers!

It was announced at the time that a meeting was held by officers and members of Eben N. Ford Post, 338, Grand Army of the Republic, to make preparations for the observance of Decoration Day. At the same time it was stated that the Women's Relief Corps of the Post had kindly volunteered to take full charge of the floral arrangements, and carry it through to success.

In a release just received from the Post Office Department in Washington Postmaster General Arthur E. Summerfield calls attention to the Annual Rural Mail Box Improvement Program to be observed two weeks starting June 3rd. The program this year has been broadened to include boxes on certain types of suburban "mounted" routes where the household's box is close to the curb and is served by a carrier mounted on a vehicle. Here are some points that will be stressed during the Rural Mail Box Improvement Program this year: 1. Where boxes are improperly erected or in unserviceable condition, patrons will be encouraged to provide suitable receptacles, erected and maintained for easy and safe accessibility, pre-

Washington Letter

BY PETER EDSON, NEA Washington Correspondent

WASHINGTON—(NEA)—The air waves crackle these days and nights with the rival claims of pro and anti-Communist spokesmen, waging a bitter cold war over the Middle East.

The significance of this, to Washington, is that while it goes on, the Voice of America should not be muffled.

It may have been doing an expensive job, it could do a better job as who couldn't—but it has a job to do in the battle for men's minds.

Take, for instance, a Voice of Moscow broadcast in English to the United States on May 8. It accused the American press of trying to make out that "Moscow is trying to impose its tyranny on the Middle East."

It isn't that way at all, the Moscow announcer, Nikolai Andreyev declared. It's the other way around.

ACCORDING TO HIM, "The first demonstration of the Eisenhower doctrine was to level an undisguised military threat against the national forces of Jordan and the other Arab countries."

Then came this mouthful: "Moscow—the Soviet Union," said the Russian broadcaster, "has no particular interest in the Middle East."

To get an accurate line of just how uninterested Moscow is in the Middle East, take a look at another broadcast, recorded a few days earlier from Baghdad, Iraq, RA.

Quoting the Beirut, Lebanon, newspaper Al-Hayat, it purports to give the inside story of what happened when young King Hussein put down the revolt in Jordan.

It charges that the former Jordanian Prime Minister An-Nabulsi had been in direct contact with the Soviet embassy in Damascus, Syria. The Russians, it says, had assured him of their full support in resistance to King Hussein.

THE VERY SAME DAY Maj. Gen. AH Abu-Nuwwar of Jordan met in Damascus with the Soviet military attaché and Lt. Col. Abd al-Hamid Serraj, Red chief of intelligence in Syria.

"Gen. Abu-Nuwwar asked for Soviet arms," according to this report. "The Soviet military attaché agreed on two conditions. First, that Jordan should permit a considerable number of Soviet technicians to enter Jordan to demonstrate the weapons. Second, that the Jordanian government should establish diplomatic relations with the Soviet Union."

On the following day the Soviet military attaché gave Abu-Nuwwar 100,000 dinars to distribute among Jordanian army officers who opposed the King.

"Abu-Nuwwar returned to Jordan and agreed with An-Nabulsi that the latter should press the King to establish diplomatic relations with the Soviet Union."

THE KING REFUSED both proposals on the basis that they would lead to Soviet domination over Jordan.

An army coup d'etat was then set.

Twice postponed, it finally miscarried when one garrison misunderstood its orders and started fighting "at 1500 hours (3 p.m.) instead of at 0500 hours the next morning."

This exposed the plot and enabled it to be crushed.

Against reports of this kind, the raucous "Voice of the Arabs" Radio Cairo, is stirring up trouble all over the Middle East.

All this propaganda presents a challenge for the U.S. Information Agency to do a factual and efficient job in this part of the world, if it is to be saved from a Communist takeover.

sent a neat appearance, and affording protection to the mail. 2. Box holders will be urged to paint their boxes and box supports where needed. 3. Box owners will be urged to inscribe their names clearly on that side of the box which is clearly visible to the carrier as he approaches, if they have not already done so. 4. Postmasters and rural carriers will enlist the cooperation of patrons to group boxes together at one site along the road wherever practicable. 5. Box holders will be asked to make sure boxes are located on the proper side of the road. The proper side of the road for the box is on the right hand side of the road in the direction the carrier drives when covering his route, unless the locality is such that it does not present a hazard or a violation of law for the carrier to cross to the left side of the road to make the delivery. On "mounted" routes approved rural boxes need not be provided but they must be a "rural" type—that is they must be a type located at the curb line, and erected so that the bottom of the box will be 3 1/2 to 4 feet above the roadway. Also, of course they should provide proper protection for the mail against the weather. Mr. Summerfield noted that programs such as Rural Mail Box Improvement Program "have been of tremendous benefit in assuring safe delivery of the mails, and in helping to beautify rural America."

It has just been learned that Cook Forest State Park, located in Clarion, Forest, Elk and Jefferson counties, has been assigned a new superintendent. He is M. Kanter Bodmer, of Sellingsgrove. In announcing the assignment of Mr. Bodmer, the statement says the previous superintendent James Leshner, has been reassigned to other duties in the state. Bodmer attended the Penn State Forestry School, graduating in 1933. He was employed immediately as a U. S. forester, until 1938, when he accepted a post with state Department of Forests and Waters as a forester in the Emporium area. While there he was instrumental in designing Sizerville State Park. In 1943 he left Forests and Waters to assume the position of division manager of a large American Rubber company's plantation in Liberia, West Africa. He was at the plantation nine years.

SOCIETY

Many Activities Are Arranged at Calvary Sessions

At the annual business meeting of Calvary Baptist church, a \$42,000 budget was adopted, delegates named to the Baptist General Conference at Portland, Ore., and several timely decisions on the building project were made.

Rev. and Mrs. Paul Obinger and daughter, Sharon, and Mr. and Mrs. Clarence Swanson will represent the local church at Portland late in June. Several members motored to Youngstown last week

to attend sessions of the Baptist Middle East Conference, including the Obingers, the Clarence Swansons, Emma Moore, Elsie Hollabaugh, Margaret Samuelson and Rachel Graves.

Last week's Sunday School Workers Conference was a busy session, with action taken on installation of a raised platform for the auditorium for Children's Day; increased budget per department; changing of doors in Sunday School rooms and halls, and building and establishing of a flannel-graph, film and map library for the Sunday school. Plans were also discussed for the Children's Day program June 9, and the Sunday school picnic June 15.

The Vacation Bible School session will be held in August in charge of Richard Reed, a Warren boy studying for the ministry at Bethel College in St. Paul. He will also serve as assistant pastor to the parish this summer.

Another highlight last week was the Girls' Missionary Guild tea for mothers. Phyllis Small and Mrs. Obinger were in charge, and the girls presented the following program: Welcome, Phyllis Small; verse and covenant, G. M. G. Girls; duet, Betty Selander and Glenn Graves; "What Is G. M. G.?" Trudy Chase, duet, Judy Hewitt and Linda Thompson; missionary story, Mrs. Obinger; question time, Phyllis Small; prayer, Elsie Hollabaugh. Tea and cookies were served in conclusion.

These Designs Are From Europe

European designers have created cotton fashions of great distinction for the 1957 tour of Helen Landon, the Maid of Cotton. Here, she wears a coral velvet sheath (left) by Biki of Milan. The strapless top is framed by an envelope cape. American cotton print is used (center) by Parisian designer Jacques Heim

for dress with balloon skirt gathered in at the waistline. Play ensemble by Cesare Guidi of Florence has one-piece playsuit worn with full skirt (right). These costumes will be shown both in Europe and this country as Helen Landon visits England, France, Spain, Switzerland, Germany and Belgium.

NEW YORK (NEA)—Each year a new Maid of Cotton makes a good-will tour of this country and Europe to show the importance of cotton fashions to average women.

She travels for six months with a wardrobe that's complete-

ly cotton, from playclothes to suits, coats, raincoats, dressy clothes, dinner and evening clothes.

Her wardrobe demonstrates the durability of cotton, since the clothes in it are worn constantly for fashion shows and public

appearances. They are dry-cleaned or laundered en route.

This year's Maid of Cotton, Helen Landon of Huntington, Tenn., is on tour now in this country showing a spectacular cotton wardrobe to which 42 top American designers have con-

tributed their talents. Her cotton wardrobe is packed in cotton-coated luggage.

She will go to Europe this summer to show European women American fashions and to model fashions in cotton from the hands of Europe's best-known designers.

The Mature Parent

We All Have to Learn That We Can Do the Wrong Thing

BY MRS. MURIEL LAWRENCE

A MOTHER writes: "Several days ago our 12-year-old girl was invited to the movies by a friend's parents. Soon after, I discovered that she'd left the iron on, scorching a hole in my ironing-board cover. I made her break the date. Since then she's hardly spoken to me. All her life she's held this kind of grudge after punishment."

Maybe she knows how much her mother wants her to say, "I'm sorry. You were right to punish my carelessness."

Eagerness for a punished child's remorse is usually eagerness for his reassurance. It's then he can't feel remorse. He senses our uncertainty of the punishment's rightness. And what he resents is not the punishment but our pretense that we're sure we've done the right thing.

In the case cited, she knows that we're seeking comfort for ourselves, not her realization of the danger of forgetting to switch off the iron.

If we're uncertain that we have punished justly, it's wise to acknowledge this to ourselves—and release the child from the obligation to reassure us by saying "I'm sorry."

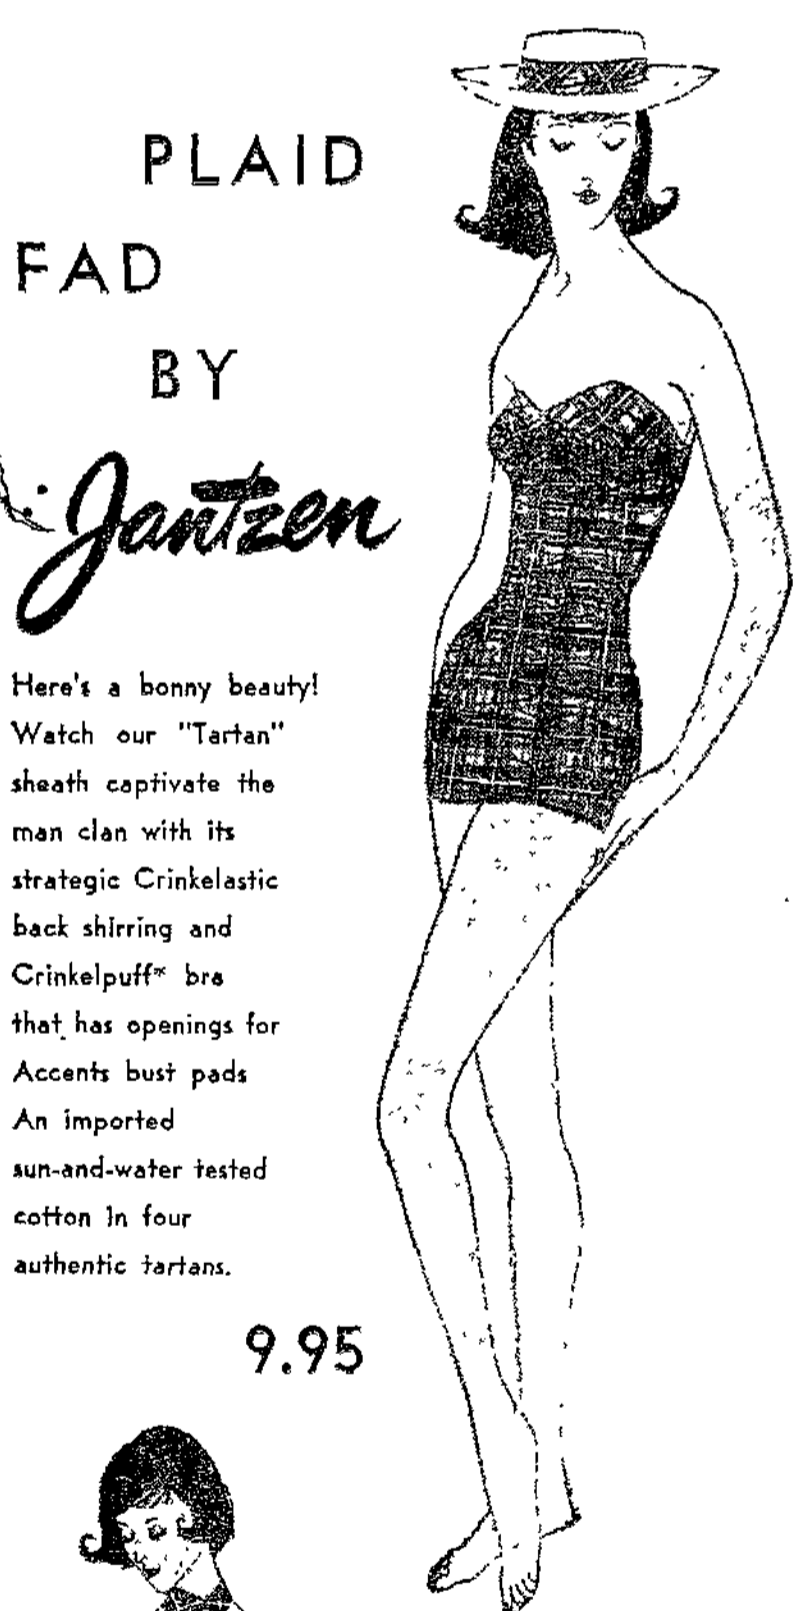

It's not necessary to give him this release in words. It can be done within ourselves through the realization that we have been romantic to look to the child for moral support. The moment we see this, resentment of this daughter's refusal of it will disappear—and her mother's reduced expectations of her will enable her to treat her kindly again.

No parent can always be sure he's given the right punishment. Sooner or later, we all have to learn to tolerate the possibility that we've done the wrong thing—and surrender our idea of ourselves as a person who must always do the perfect thing.

UNTIL this kind of self-acceptance is gained, we remain as intolerant of children's mistakes as we are of our own. As we must have only perfect responsibility toward electric irons from our daughter, so we must have only perfect decisions from ourselves.

It's been deficiency in our own training that makes it necessary to seek a youngster's "I'm sorry" after we've punished him.

Our need of it tells us we have some growing up to do. A 12-year-old daughter is not our parent. It is not her business to judge goodness and badness for us. We only ask her to make it her business because we have not had enough experience in entrusting these judgments to our own conscience. Self-examination is a discipline required of us all.

The state's two senators voted in their home towns—Joseph Clark in Philadelphia and Edward Mar-tun in Washington, Pa.

Harold E. Stassen, the President's disarmament advisor who is a legal resident of Philadelphia and mentioned as a gubernatorial candidate, also was busy in Washington and didn't vote.

Voters nominated mayors in 23 cities.

Candidates for 56 judgeships, including 45 incumbents, were selected for the November election. Most of the sitting jurists crossed and will be unopposed this fall.

Fifty-nine municipalities in 27 counties voted on whether to permit retail sale of liquor or beer.

Three communities voted to remain dry, two others decided to stay wet.

The Democrats gained a seat in the State House of Representatives as a result of a special election in Montour County.

he added, most people either were inclined to question the administration's spending plans or to be hostile.

Asked whether he plans more direct-to-the-people appeals, Eisenhower replied—with a smile but emphatically—that as long as he is in a fight he never rests.

Other subjects discussed by the president were: Atomic Test; Oil Tax Depletion Allowance; GI Charged With Killing Jap Woman; Civil Rights and Storms.

Josephine Hovers Over Whooping Crane Chicks

New Orleans (P)—Josephine hovered over her two young whooping crane chicks today and zoo officials began a precautionary watch to make sure nothing happens to the little rust-colored balls of fuzz.

The second youngster finally made it out of his shell yesterday afternoon after a 24-hour battle, with an assist from Jo.

When Papa Crip, who alternated with his mate in the sitting chores, got up from the nest, Jo saw the egg broken in half. She pushed Crip aside and pecked off the remaining parts of the shell.

Audubon Park Zoo Director George Douglass signed with relief as the new youngster joined the other chick, which hatched Saturday.

The young whoopers bring to 29 the number known to exist.

TODAY is pay day for all who have classified ads.

Clarion County Vote For Sheriff Running Close

Clarion (P)—Complete unofficial returns from Clarion County's 50 precincts today gave Sheriff W. C. Mong a four-vote lead over Welden L. Gillingham for the Republican nomination.

Mong is seeking his fourth term as sheriff of the north western Pennsylvania County. Gillingham has served as a deputy sheriff under Mong for 7 1/2 years and still holds the deputy post.

The County election board said there are four military ballots out. That means the final result will not be known until the military ballots are counted.

ERIE CITY ELECTION

Erie (P)—It may take a toss of the coin to decide the winner of the Democratic nomination for alderman in Erie's third ward, Frank P. Cirillo and Lewis D. DePalma each received 836 votes in yesterday's election. There was no Republican candidate.

I wish to thank the republican voters of Warren Boro for their support of my candidacy for the office of Tax Collector at yesterday's primary.

MIXED EMOTIONS

ASSORTMENT—Mr. Onyx, a pet skunk in Sandwich, Mass., is expressing happiness at the cake he got from Wendy Oberlander for his second birthday, upper left. In Denver, it's a feeling of contentment, right. Lonnue Hutton, an inmate of the county jail, helped Susie take care of some of her four kittens until they were big enough to be given away. Ginger's showing her thirst, lower left, in Winston-Salem, N. C., but she has sense enough to walk to a faucet and take a little nip. Mighty good, too, she claims. Things aren't so calm in Pittsburgh where Topsy, a lioness in a city zoo, snarled at the photographer who wanted a photo of her cubs, right. This is as close as she let him get to them.

PARENTS FIRST—Donald, left, and Richard Heidkamp, twin brothers, are blessing their parents after they were ordained Roman Catholic priests at the St. Mary of the Lake Theological Seminary at Mundelein, Ill. The brothers were among a group of 45 young men ordained at the ceremonies. The parents are Mr. and Mrs. Emil Heidkamp of Chicago, and their sons believe in honoring them.

AN OLD STORY—Notre Dame Cathedral in Paris has always been one of the city's most popular subjects for artists. This gentleman has set up his easel on the Left Bank of the Seine River in order to capture a side-rear view of the imposing edifice. He somewhat resembles Sir Winston Churchill, another noted painter.

LIFT FOR THE MARINES—Test pilot Richard L. Peck, 34, is shown as he demonstrated the Marine Corps' new KROE-1 Rotorcycle at Palo Alto, Calif. The one-man 250-pound helicopter can be carried in the back of a station wagon or a small truck when not assembled. The Marines plan to use the new 'copter for observation, liaison and rescue work. They expect it'll also come in handy on small unit maneuvers.

WILL TRAVEL—Trim and travel-happy, this gray and white cotton tweed ensemble has a brief jacket with a half-belt that buckles across the front. Beneath the jacket is a high-necked bodice of white broadcloth which tops the slim sheath skirt.

FOR POSTERITY—"Pearly King" Bert George and his son Derek, 12, posed in London with their donkey for eight-year-old Barbara Packer. George and his boy turned out for the annual parade of the "costermongers," colorful vendors who peddle from horse-drawn carts. Their clothing is decorated by hundreds of pearl buttons.

A LONG HOP—Airline stewardess Cosmo Siska is holding one of the two Hawaiian entries in the world famous Calaveras County Jumping Frog Contest. Two frogs were flown from Honolulu to California to take part in the competition immortalized by one of Mark Twain's stories. They received their training sessions in Hawaii.

MIXED TEAMS—Holding its own in the machine age, Dobbin proves there's still a place in farming for the horse. This contest took place on the farm of Joe Garre, left, about eight miles from the heart of Portland, Ore. Garre claims the horse cultivates better between rows of plants but his son Bert prefers something more modern, right.

SOUTHERN EXPOSURE—When vivacious Alice Thomas displays her charms on the beach at St. Petersburg, Fla., the exposure's just fine. This southern belle was her city's entry in the recent national Press Photographers' model contest.

LEARNING TO CRAWL—The Y.W.C.A. in St. Louis, Mo., gave a course in crawling through boxes to some folk who were going to visit Marvel Cave, near Bronson. Amateur cave explorers would encounter less difficulty on similar trips if they learned to wriggle through tight places, and these "wrigglers" were boning up for their exploration.

White Sox Are Out in Front by Eight Games Making Manager Lopez Look Like Good Seer

By JOE REICHLER
The Associated Press
The Chicago White Sox, with an eight-game winning streak, a two-game lead in the American League race and their first triumph over the New York Yankees, are making Manager Al Lopez look like a first class prophet.

Before last night's game at Yankee Stadium, the smiling senior declared:
"The Yankees can be beaten and we're one of four teams that can do it. I think we have the pitching, speed, defense and sufficient hitting to win."

SPORTSMAN'S DIGEST

TEST LINE'S END FREQUENTLY

WHETHER YOU USE SPIN-TACKLE OR BAIT-CASTING OUTRIGS, YOUR LINE'S END GETS A LOT OF PUNISHMENT FROM CASTING ALL DAY SO MAKE FREQUENT INSPECTIONS OF THE LINE WHERE IT WEARS AGAINST THE ROD TIP'S GUIDE. IT IS WISE TO CUT OFF THE END AND RE-TIE THE LURE SEVERAL TIMES DURING A DAY OF CASTING.
AFTER HOOKING A FISH (OR A SNAG), TEST HOOK OR LURE'S KNOT FOR STRENGTH, AND SEE IF LINE OR LEADER HAS BEEN RUBBED WEAK DURING THE PLAY.

It's a long way to October but Lopez has nothing to apologize for today. His White Sox are three games in front of the Yankees, whom they whipped 5-1 last night and dumped into third place, a game behind Cleveland. The Indians defeated the Boston Red Sox 8-2 in an afternoon game.

Detroit's fourth place Tigers took a sizzling 16-inning 2-1 thriller from Baltimore to advance to within two games of the Yankees. In another American League game Washington shut out Kansas City 3-0 behind the seven-hit pitching of Camilo Pascual.

The Brooklyn Dodgers whipped Cincinnati 6-1 to the Milwaukee for second place in the National League, a game and a half behind the front-running Redlegs. Rain ended the Braves' Philadelphia game with the score tied at 1-1 after 5 1/2 innings. The game will be replayed.

Chicago won its first home game in nine starts, coming from behind to score two unearned runs in the ninth to beat the New York Giants 4-3. Rain postponed the game between Pittsburgh and St. Louis.

Billy Pierce, ace White Sox southpaw, handcuffed the Yankees with four hits and struck out eight to post his sixth victory against two defeats. Billy did not permit a hit after the fourth inning, when the Yanks scored their lone run.

Chicago got six hits off loser Whitey Ford, first of three New York pitchers. Two of them accounted for all their runs. After Larry Doby drew a one out walk and second baseman Bobby Richardson dropped a throw on Jim Landis force play grounder, Jim Rivera singled in one run. Bubba Phillips squeezed in another and Pierce drove in the third with his second single.

Bell Ringing for Round Two in the I. B. C. Contest

New York (P) — The bell rang for round two today in the Government vs. the International Boxing Club monopoly bout.

The IBC already has been found guilty of monopoly practices. The present hearings, which started Monday, are being held before Federal Judge Sylvester J. Ryan to determine what action to take against the IBC.

Gene Tunney, who retired as undefeated heavyweight champion was listed as chief witness for the defense. He was expected to testify that the IBC has been conducting boxing and—specifically—championship fights in the best interests of the sport.

When the confab was over, Norris had Robinson's verbal agreement that he would fight Carmen Basilio for the title under IBC auspices in September.

Meanwhile, Emil Lence, who hopes to promote the next heavyweight title fight, accused contenders Hurricane Jackson and Eddie Machen of being slaves to the IBC.

Braves Depending To a Great Extent On Hank Aaron Bat

Milwaukee (P) — As Hank Aaron goes, so go the Milwaukee Braves.

After a fast start in which Manager Fred Haney's crew won 9 of 11 games in April, they slowed to a 9-6 pace in May.

In their eight losses this month, the 23-year-old Aaron has gone hitless in four of them.

No one can say that the National League's defending batting champion hasn't been just about the whole show for the Braves.

He is leading the league in batting with a .360 average and in home runs with 11 and is tied for the runs batted in leadership with Brooklyn Carl Furillo with 26.

But, after Aaron, the Braves' averages tail off like a kite in a downdraft. Joe Adcock is the only other regular hitting above .300. He has .320. Then comes Billy Bruton, .280; Del Crandall, .275; Eddie Mathews, .278; Johnny Logan, .265; Danny O'Connell, .244 and Chuck Tanner, .205.

"He's carrying the club," said Mathews last night after the Braves and the Philadelphia Phillies played to a 1-1 tie in a rain-abbreviated 5 1/2 inning game. "I don't know where we'd be without him."

Got a job for this giant killer?

Here's proof of the reserve strength in GMC's 370 that pays off in any operation.

DEEP in the pine woods, this 2 1/2-ton GMC, with locally added trailing axle, wades into a pile of forest giants, using its power take-off to flip 1,000-pound logs onto its back. In ten minutes it has a staggering load—and practically no road to haul it over.

You may never need to subject your trucks to such grueling service, but experience like this is your assurance of stamina and reserve strength far beyond normal requirements.

And the GMC 370 can be yours for hundreds of dollars less than comparable competitive trucks. Just check with your GMC dealer.

Illustrated:
GMC 370 rated 19,500 GVW—22,000 with optional H.D. front axle. 206-hp V8 or 140-hp Six.

HUL-DEEP RUTS, soft ground, down and up ravines, it totes a Herculean payload day in and day out in the timberlands of North Carolina. Five trips a day, six days a week the year around—and it stays a stranger to the repair shop!

Grayson's Scoreboard

NEW YORK—(NEA)—Lou Boudreau kept gesturing with his hands to two big kids sitting together on a couch in the hotel lobby.

A qualified observer figured they were ballplayers. Boudreau is the manager of Kansas City. The kids had short-cropped haircuts, wore sports jackets and loafers. Past this, you didn't know who they were.

All second division clubs seem to be nothing more than 28 nobodies. They come and go quickly and it is only once in a while—when Baltimore comes in with George Kell or Washington with Eddie Yost—that a familiar face is seen.

Second division clubs largely are composed of baseball wanderers and kids. The rover boy is in Kansas City this season, in Triple or Double A part of the next, then Baltimore or Washington.

Practically all of the current Athletics are baseball vagrants, fellows who have been passed along by other outfits. They are sustaining ballplayers, enable a manager to field a club.

LOU BOUDREAU, THE onetime boy manager, has been around himself as a player—Cleveland, Boston and now Kansas City. So he has plenty of sympathy for and patience with guys who carry timetables from force of habit. He is the ideal manager for the Kansas City nomads.

"Mickey McDermott won 18 games for me in Boston," he recalled.

Success, Boudreau tells you, is coming to Kansas City for sure. And it is going to come with kids like the ones he was talking to.

"This is the best we've been," Boudreau said. "I believe we'll be looking for fifth place, maybe fourth. We're off to a good start. Joe De Maestri is playing shortstop well and hitting more than ever before in his life. Harry Simpson is any place you need him and hitting. Vic Power hit better than .400 after missing the first 10 days of the season. Tom Morgan gave the pitching a tremendous lift.

"But the big thing is the future. We have several bright prospects in the minors who are a couple of seasons away. That's the solid feeling you need. It's getting better and the best is yet to come."

BOUDREAU WENT INTO the Kansas City theme song about how General Manager Farke Carroll, given a free hand by owner Arnold Johnson, has gone into baseball farming on a large scale. Carroll, like so many of the Athletics, is out of the Yankee organization and knows where to look for talent.

Meanwhile, Boudreau is turning in a fine early job with and talks about his baseball traveling men. "Simpson had no spring training and I put him at first base and in right field because Milt Graft was out for a couple of days and Vic Power was shifted to second," he explained. "Harry is one of those fellows who doesn't care where as long as he plays. He drove in 105 runs for us last season and he's been crowding .400 since opening day.

"Pressed by Billy Hunter, De Maestri won the shortstop job the last week of training."

Lou Boudreau talks of Kansas City eagerly, which no doubt is one reason why he lands one well-paying managerial job after another.

Ranked No. 1 challenger to Joe Brown's title, Lane is a quick-fisted southpaw who relies more on speed and boxing skill than he does on powerful punches. Lane has stopped only seven foes.

Family Dinner Is Scheduled Saturday Night at the YMCA

Another of the popular monthly YMCA series is scheduled for 7:00 p. m. Saturday when the 23rd family night party will be held, and, following the usual swim, there will be a special camping program featuring members of the counseling staff of Camp Sherwin.

In addition to the well-rounded program of songs, counselor activities, resume, presentations, colored slide showings and camp games, a parent information session will acquaint parents with all phases of the YMCA camp program. All parents who have any interest in summer camp, whether their boys are YMCA members of former campers or not, will be cordially welcome to attend. An interesting display of camp materials (both program and activity) will be there for inspection, camper's need list, registration forms, application blanks, etc. An enjoyable time is anticipated for all, even those who have not given much serious thought to sending their boys to camp this year.

YMCA Camp Sherwin is located south of Lake City, 10 miles from Erie on the shores of Lake Erie. Camp period this year will be from June 16 to June 26. Camp applications are being accepted now, at the YMCA. Anyone wishing information may telephone 1000.

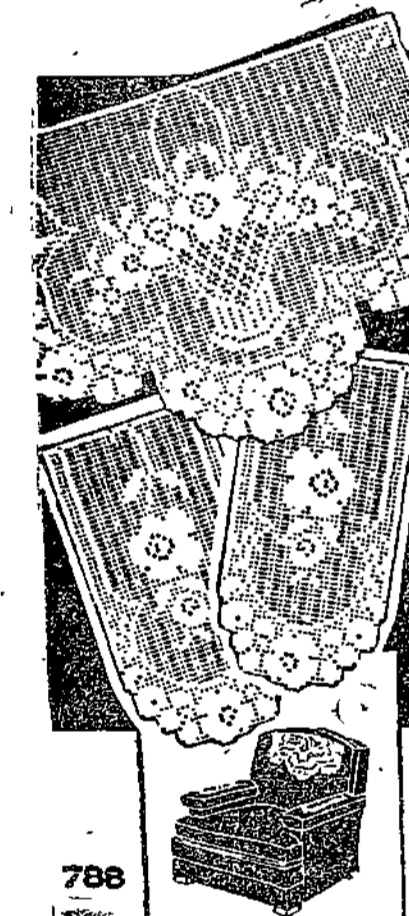

MEN'S SPEAKER

When the men of Trinity Memorial church entertain the Presbyterian Men of First church, at 7:30 p. m. May 28 in the parish house, guest speaker will be Episcopal Bishop William E. Crittenden of Erie, his topic to deal with "the most significant historical fact about the church in our day." Refreshments will conclude the evening.
